Cartoonist Hurt

IN FREAK MISHAP
TORONTO, Oct. 6.—(C.P.)—Jack Booth, Toronto Globe and Mail cartoonist, was taken to hospital with head, leg and injuries Saturday when he was struck by a car. A fire truck which was carrying the car was driving on the highway. A passenger in the car escaped injury.

The man who parks his car and permits his companion to buy out by herself is not only lazy but rude.

Sure, women have the vote, jobs, independence—but one of the few mistakes is left in one's mind—the world is common courtesy.

Your breeding or the lack of it, shows up in the little things. A young lady should wait for her escort to come around and open the car door for her—while it is on a busy thoroughfare.

He also opens the door for her before she gets in and if the two are driving out somewhere for lunch, he will inquire about the powder room so she can go and freshen up. That is the proper place for making up—not the hotel lobby.

Motor matters include dimming your lights for approaching cars, restraint when closing the horn and taking care to flash up after a picnic.

Showing aloof at wayward pedestrians won't remedy the situation and only makes you seem boorish.

Etiquette when motoring as a guest, behavior in restaurants, the alert, public conversation, at business and at home are discussed in our Reader Service booklet No. 45.

Send the coupon for "The New Book of Everyday Etiquette" to The Edmonton Bulletin, Reader Service, 40 Front Street, Toronto. Print name, address with name, booklet title and No. 45.

...and there has been a lot of
...The "information
...The formation of the "bureau"
...probably was the most important
...action since the communists—
...the Communist revolution
...organization—was dissolved by
...Russia on May 19, 1943, as a gesture
...toward the United States and
...Britain.

APPARENTLY the communists
...was not involved, in fact, the
...forces smashed the communist
...naries of the United States and
...Britain, which function in what
...Russia considers the capitals of
...blackest imperialism. It is not
...to serve the same purpose as the
...communists.

A 1300-word resolution adopted
...by the Communist leaders in their
...conference in Poland revoked with
...such words as "American imperi-
...alism," "economic and political
...enslavement," "blackmail and extor-
...sion," "specific tasks" and "threat
...of a new war."
...It said that the world of the
...had been split into two spheres,
...but, naturally, blamed it all on
...the United States and Britain. In
...fact, it said this split existed while
...the war was going on, and the
...United States and Britain had been
...fighting all along to eliminate Ger-
...many and Japan as business
...rivals—not as aggressors and political
...enemies.

IN THE ALLIED CAMPS there
...even during wartime, there existed
...different war aims and also the
...tasks of the postwar organization
...of peace. The Soviet Union and
...the democratic countries consid-
...ered as the main aims of the war
...the setting up and strengthening
...of the democratic structures in
...Europe, the liquidation of Fascism
...and the prevention of the possi-
...bility of new aggression on the part
...of Germany and Italy. The Soviet
...prolonged cooperation between the
...peoples of Europe on all sides,"
...the resolution said.

"The United States, and in
...agreement with them England, set
...for themselves another aim—to get
...rid of competitors at markets (Ger-
...many and Japan) and establish
...their dominating position." This
...difference in war aims and tasks
...of postwar organization became
...deeper in the postwar period."

Two opposite political lines
...formed: on one side is the policy
...of Russia and the democratic coun-
...tries directed toward undermining
...imperialism and strengthening de-
...mocracy, on the other side is the
...policy of the United States and
...England, directed toward strength-
...ening imperialism and strangling
...democracy.

Then the resolution got to the
...subject at hand.

THE TRUMAN-MARSHALL

(plan is only a constituent part (the
...European section) of a general
...plan of world expansionist policy
...carried on by the United States
...in all parts of the world. The
...city of economic and political
...enslavement of Europe by Ameri-
...can imperialism is supplemented
...by plans for economic and polit-
...ical enslavement of China, India,
...and South America."

LONDON, Oct. 6.—Reuters—
The setting up of a joint bureau
...in Belgrade by nine European
...Communist parties was treated as
...major news in the British Press
...today.
The Conservative Daily Mail in
...a three-column headline declared
...that the nations from Moscow front
...in Europe, "while the Daily Graph-
...ic, also Conservative, had "nine
...nations in new Red International."
Under the headline "Communists
...Again," the Liberal Manchester
...Guardian described the move as
...the "rebirth of the Communist
...internationalism" and said that as
...a result of this decision, "to put
...it mildly, the chances of peace are
...not improved."
The Communist Daily Worker's
...headline said "Nine Communist
...Parties Make Peace Front Call,"
...but gave no explanation for the
...absence of the British Communist
...party from the list of signatories.
The "rebirth of the Communist
...internationalism is a very significant
...thing," declared the Manchester
...Guardian in an editorial.

TWO WOMEN members of the

The verdict was not guilty on

The state claimed the young

...him and Louise. The defense con-
...tended that Overell set off the bomb
...either accidentally or with suicidal

Following the blast, the yacht,
...with two large holes in her sides,
...was towed ashore by coast guard-
...men. The bodies of Overell, badly
...mangled, and his wife were found
...aboard.

LOUISE and Gollum, who said
...they went ashore about an hour
...before the explosion to buy ham-
...burgers, appeared at a boat landing
...shortly after the blast, asking what
...happened.

Four days later, when they were
...arrested, police claimed they had
...found 24 unexploded sticks of dynamite
...aboard the wrecked craft, as well
...as a battered alarm clock which
...they said had been used as a

Fritz Hanson Sparkles As Stamps Trim Bears

By Dick Beddoe
CALGARY, Oct. 6.—The pre-war "Twinkles" of the Canadian griffin, Fritz Hanson, peaked the scoring sting at Mewata Park Saturday night as the Calgary Stampedeers blanked the Varsity Golden Bears 16-0. In the game played under American rules, the former Red Wings star Bomber flash plunged across for both Calgary touchdowns.

A crowd of 20,000 fans thronged to witness the exhibition. And most of them went away disappointed.

FOR IT WAS that kind of game that, almost instantaneously, appeared to lay it on. Calgary tucked two converted touchdowns in the first quarter and another in the third, and sandwiched a safety touch in the second stanza good for two points.

The Stampedeers started early. They kicked off to the Green and Gold and on Bears' fourth down Harry Varisty goal line for two points. Billy Wynn snatched the ball and carried to the Varsity 23 yard line. On successive plunges over centre Paul Row and Wynn pushed up 38 yards and when Varisty was offside Stampedeers were in possession in the Golden Bears' end.

On a third down Hanson kicked off right tackle for his first line down. Wynn booted the ball and Stampedeers were ahead 7-0.

Stampedeers pulled a safety to start the second quarter. On a drive down from their own end Daryl Warding got away a long kick which bounced over the Varsity goal line for two points. The third quarter—Stampedeers, touch-down. Stampedeers, touch-down.

Varsity—Stampedeers, touch-down. Stampedeers, touch-down. Stampedeers, touch-down. Stampedeers, touch-down.

Varsity kicked to the Bears after the break. Hanson ran the ball out to the 20, but the Stampedeers recovered and the Bears' tackle's fumble and gained possession. And from the 23 yard line Fritz Hanson snatched the right side unopposed to carry over on climbing up. Wynn split the uprights and converted to run the Calgary to 14.

THAT IS HOW the exhibition. Everybody had a word for the Stampedeers. From lefty to righty—Wynn and they were for the Stampedeers.

Gionfriddo Hauls in "Homer" Bench Warmer's Fine Catch Saves Dodgers

Harry Ornt, well known to baseball fans in Edmonton, was right on the job at Ebbets Field yesterday's world series between Yankees and Dodgers. The story of the game for readers of THE EDMONTON BULLETIN.

NEW YORK, Oct. 6.—As I came out of Yankee Stadium at exactly 5:30 yesterday afternoon a crowd of people already getting in line for bleacher seats for a ball game that is scheduled to get underway this afternoon at 1:30 o'clock.

But that is no ordinary ball game. It is the seventh and deciding game of the 1947 World Series. And because a scrappy and tense game of Brooklyn Dodgers defeated the Yankees yesterday afternoon 8-4 they're still very much in the running for the greatest honor a team can win in baseball.

THE DODGERS just could not be denied yesterday afternoon. They jumped into a 4-0 lead, then dropped behind 5-4 as the American League champions threatened to blast them right out of the huge stadium. They hung on and then came back in the sixth and scored four times on five hits to move ahead 8-4, but the greatest pitcher in the world series was to come. In the Yankee half of the seventh inning Walter Johnson, who had pitched for the first time since his last game on Oct. 1, pitched a perfect inning and the Yankees were out for the first time.

It appeared to be ready to drop into the Dodger hands when the Yankees came back in the eighth and scored three runs on five hits to win the game 11-8.

Pla-Mors Edge Hawks Saskatoon Exhibition

SASKATOON, Oct. 6.—(CP)—Chicago Black Hawks were defeated 3-2 by their farm hands from Kansas City in an exhibition hockey game here over the week-end. The next game of their western tour is in Edmonton Monday night.

REMARKS: The first game of the season for the Black Hawks was played in front of a crowd of 10,000 fans at the Saskatoon Exhibition. The game was a close one, with the Hawks leading 2-1 in the third period. The final score was 3-2 in favor of the Pla-Mors.

KANSAS CITY played up a 5-0 lead on goals by Brown, Gee and Bentley to a touchdown. The Hawks scored twice in the second period, but the Pla-Mors pulled a safety to start the second quarter. On a drive down from their own end Daryl Warding got away a long kick which bounced over the Varsity goal line for two points.

Varsity kicked to the Bears after the break. Hanson ran the ball out to the 20, but the Stampedeers recovered and the Bears' tackle's fumble and gained possession. And from the 23 yard line Fritz Hanson snatched the right side unopposed to carry over on climbing up. Wynn split the uprights and converted to run the Calgary to 14.

Desperate Dodgers atop Yankees 8-6

Box Scores

Come From Rear With Four Runs In Sixth Inning

YANKEE STADIUM, New York, Oct. 6.—(AP)—A battling band of Brooklyn Dodgers thrilled a record world series throng of 74,063 Sunday by outgunning New York Yankees 8-6 to deadlock the playoff at three victories apiece and set it right down to the final struggle today.

Bracing sudden death if they lost, the scrappers from across the bridge came from behind to score four runs in a magnificent stitching outburst and then put on a brilliant feinting exhibition in the late innings to protect their advantage.

AT THE end it was so dark it was impossible to follow a fly ball from the stands, and for the fourth straight day Hugh Casey, dugout Brooklyn veteran, was out on a brilliant feinting exhibition in the late innings to protect their advantage.

Six Yankee pitchers, including the club ace reliever, Joe Judge, left the wrath of the Dodger bats, and four fingers tumbled for Brooklyn. The Yankees total equaled any other world series mark. The Yankees' home run total, 12, tied the Dodgers put their in clutch situations.

A TERRIFIC feinting play by little Al Giofriddo, substitute Brooklyn outfielder, settled the Yankees' loss in the sixth inning. The Yankees' home run total, 12, tied the Dodgers put their in clutch situations.

But for his almost unbelievable catch of a ball by Joe Dimaggio just before the ball would have dropped into the Brooklyn bullpen, left field, the series might have been over.

The Dodgers had just pulled ahead at 8-5 by their fourth run in the first half of the frame, and the Yankees were hot and panting to make a big inning comeback when Giofriddo kicked it off. The scamping little gaffer had gone in to start the inning as a replacement for Eddie Muesel, and it probably was the greatest tactical move manager Bruce Pennington ever made.

TWO YANKES were out and two runners were on base when Dimaggio caught him with his hands behind his head and slung it high and far. The crowd stood and yelled "it's in" as Giofriddo reached the 415-foot mark, his short leg clearing the turf.

It didn't appear possible he could make the catch, but just as the ball reached the bullpen, the little guy leaped up and speared it with his gloved hand. The crowd cheered Giofriddo steadily for the rest of the time it took him to trot to his station.

That was the one dramatic high spot of the long struggle, which was not otherwise distinguished by great baseball, but was good, clean fun for the fans. Some of the smashing home runs into the rival's shortstops in breaking up double plays at second would have done credit to any football game.

CPR Hoping Build 2 Atlantic Liners

By JOHN DAUPHINEE
LONDON, Oct. 6.—(CPI)—Fred W. D. Neal of the Canadian Pacific Steamships, on his arrival here Saturday, said that he planned to continue discussions with the Clyde shipbuilding firm of Fairfields for construction of one and possibly two 20,000-ton passenger vessels but the best delivery date mentioned so far is three years away.

Neal, who disembarked at Liverpool from the liner Empress of Canada, said that so far shipbuilding "cost and maintenance figures just don't add up." Costs were reaching a point where a ship might not be able to "pay for its keep."

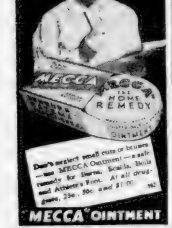

"As far as I can see now, the CPS will replace the 42,000-ton Empress of Britain, lost during the war," he added. It would cost three times as much now to replace the ship as it cost to build originally and the effect of an fuel-price increase, which could not yet be accurately forecast.

It was not known when CPS will be able to resume transatlantic service. Of the Empress Pacific fleet only the Empress of Scotland was left and when she is released to the British transport ministry, the vessel will have to go into service on the Atlantic route. The Atlantic route is "partially open," said Neal, "but we have no idea when the service will resume."

Earlier at Liverpool Neal told reporters that in addition to making his first presidential visit to the company's United Kingdom offices he was concerned with placing an order for a new ship on the Atlantic route.

Future of Canada Based on Railways

VICTORIA, Oct. 6.—(CPI)—It is upon the bedrock of the railway industry that the future of Canada must be laid, R. C. Vaughan, president of the Canadian National Railways and Steamships, said in an address today at a luncheon held prior to the launching of the \$30,000,000 steamship, the Prince George.

"Let us always remember that it was upon the bedrock of the railway industry that the progress of Canada was laid, progress in which the components making up the Canadian National System played a vital part."

The large passenger steamship to be constructed in Canada in 25 years, the Prince George, built for the northern coastal service, has luxury tourist accommodations and will carry 2,500 tons of cargo.

It also was reported that chaos in Germany has suspended all rail service north-western rail effect on young American occupation soldiers.

Fourteen, engineers made the trip. The United States Army has been ordered to evacuate the area.
